

The Dental School

NEBDN Dental Nursing Diploma

Application Form

General Information

The Dental School was founded in 2019 by business partners Nadine and Martin. It was formed with the intention of offering high quality, flexible learning solutions to those wishing to become a Dental Nurse.

The Dental School is an accredited provider for the NEBDN Dental Nursing Diploma. It is always our aim to provide each and every one of our learners with the very best learning experience, delivered by the very best tutors in the industry and as a result we pride ourselves on the nurturing and collaborative learning experience that we create.

Course Details

Our course is delivered online through a mixture of live webinars and downloadable materials prepared by experienced tutors. We have found that this blended learning approach enables our tutors to cater for all of our learners equally.

1. Our course is delivered over a 12 – 18-month period
2. Our courses commence at regular intervals throughout the year. Usually in April and November. Check our website for the latest enrolment dates
3. An online platform is used to track progress and distribute work to learners
4. The course is designed to systematically deliver all elements of the NEBDN syllabus during the programme
5. You will have access to your course tutor and administrator throughout the course
6. The live webinars are completed in the evening eliminating any impact to your working week

Record of Experience (RoE)

Throughout the duration of the course, learners will be required to create and submit Records of Experience (RoE) via the online platform. This enables course tutors to see the progress being made by you along with the quality of your learning.

This also enables the course tutor to provide feedback and guidance to ensure that you are achieving the very best outcomes to your learning.

Entry Requirements

Ideally the learner will already be employed by a general dental practice before enrolling on to this course, although this is not mandatory. If you are not, our recruitment team will work with you to find a suitable role. We can not guarantee that we will be able to find you a role and it is advised that you continue to apply for Trainee Dental Nurse positions yourself.

Cost

The cost of the full course is £1850.00 +VAT including the exam fee.

Terms and Conditions – Diploma and Post Registration Courses (Radiography, Sedation and Orthodontics)

Enrolment

Enrolment on to any of the NEBDN courses operated by The Dental School, is subject to receiving a fully completed Application form, a copy of your passport and a deposit of £100.00 to secure a place on the course.

Cancellations and refunds

There is a 7-day cooling off period, commencing once either, a) the deposit is paid or b) the completed application form is returned, whichever is sooner. If you choose not to proceed with the course in that 7-day period, 90% of the deposit will be refunded if one was paid. Once outside of this 7-day period, the full balance of the course will be due. If a payment plan has been agreed, the balance of the course will be due in line with this. This is regardless of whether the learner starts and completes the course.

Attendance

All learners must maintain an attendance level of 85% or above. Where a learner's attendance falls below this level, The Dental School will:

1. Hold regular 121's will be held to understand the cause of the poor attendance, with support plans being implemented
2. Should absence not improve after 2 interventions, the learner may be deferred to a later course.
3. Should there be no mitigating circumstances for this poor attendance the learner may be asked to leave the course. In such instances, the learner will not be entitled to a refund of any kind nor will the learner be able to defer to another course. In instances where the course has been funded for the learner, the learner will remain responsible for repaying the balance to the fee payer

It will be the responsibility of the learner to educate themselves on any of the content that they have missed from that lesson.

Employment

It is a requirement of the Diploma course that you have a role as a Trainee Dental Nurse by month 3 of the course start date. While The Dental School will do everything in its power to support you to secure you a role, we cannot guarantee this as we do not make hiring decisions on behalf of dental practices. It is therefore essential that you actively apply for positions yourself to ensure you have the best opportunity of securing a role.

Failure to find a suitable role may result in your course being paused and your payment plan continuing.

A full list of positions can be found on our website www.thedentalschool.org

For any post registration course, you will need to work in a practice or have access to a practice where you can observe and participate with treatments relating to the course content and have access to the equipment and resources to enable you to complete

Length of Support

The Dental School will support each learner from the moment their application form is received until they sit each of their exams for the first time (Diploma). Should a learner not pass their exam on the first attempt, reasonable additional support will be offered for a second attempt. After this, the learner will be required to pay for additional tuition at a rate of £10.00 per hour. This will be invoiced separately.

The same principle applies to Post Registration courses, although there is only 1 exam for these.

Missed deadline Policy

1. If you fail either exam, or
2. Fail to meet the deadline for ROE submission in order to complete the exam that was originally booked the course for or,
3. Fail to hand in paperwork that would enable you to complete the course on time, you will be responsible for any fees due by NEBDN

We are unable to move a learner once their course has started.

If a learner has deferred to a later course, fees will remain due in line with their original payment plan. We are unable to pause any payment plan.

Should a direct debit payment fail, we will attempt to collect the payment again on or around the 12th of each month. Should a direct debit fail, an additional fee of £25.00 will be due.

The course fees are due in full even if you decide to withdraw from the course.

Debt Recovery

Should a payment be missed, The Dental School LTD will write to the Learner requesting payment within 7 calendar days. Should a payment be delayed for more than 7 calendar days, a second email will be sent, extending the payment deadline by a further 7 calendar days – 14 days in total.

In instances where the learner fails to make payment after the second extension, the learners payment plan will be invalidated, and the full course fee will be due with immediate effect. Until the full course fee has been received, the learner's course will be suspended.

The matter may be referred to Debt Collection agents in the following cases. Please note that The Dental School may refer a matter to Debt Collection agents even though the case is not listed below:

1. Where the learner does not settle their balance as instructed by The Dental School LTD
2. Where the learners Direct Debit is cancelled prior to completion of their payment plan

Refunds

Enrolment is counted from the day the signed and dated application is received. Therefore, the refund period also starts from that date.

The only time that The Dental School agrees to refund of the course fee, is if the course is cancelled and an alternative cohort is not available.

Aside of this, The Dental School operate a 7-day cooling off period should a Learner enrol and decide not to continue with the course. In these instances, a refund will be issued, amounting to 90% of the deposit paid. After the 7-day cooling off period has expired, the full course fee will be due.

Pregnancy

Where a learner falls pregnant, they will be entitled to the following options:

1. If the Learner has not yet begun their course, they will be entitled to a 90% refund of any fees paid.
2. Once the learner has begun their course, they will have 2 options:
 - a. Defer the course until after their pregnancy, or
 - b. Continue with their course as planned.

In either 2a or 2b, the full course fee will be due in line with the original payment plan.

Learners wishing to take advantage of these options will be required to show proof of pregnancy.

All learners are required to produce a copy of their passport when requested to do so by The Dental School LTD
